From the Desk of the Principal

Kia Ora Koutou Sara Cohen Whanau,

Just a very short message this week.

It has been a very busy, enjoyable and exciting first term. It is an absolute pleasure to see our students take part in a variety of opportunities both inside and outside of the class and to see them engage in their learning, finding success and making progress. This is made possible by the skills and hard work of our teaching and support staff. All of the people that work here at Sara Cohen are committed to providing the best outcomes for our young people.

For me, this term has been the most hectic and rewarding of my career. My role as Principal was daunting to start with, but has been made much easier with the support of my Senior Management team and Julie our office manager. They have fielded my questions, given me advice and helped me to better perform my duties.

I have very much enjoyed meeting our school community. Developing positive and trusting relationships between home and school will be something I hope to develop and foster here at Sara Cohen School.

Many parents and caregivers of our junior students will have received the instructions on how to access the 'Seesaw' app on their phones and computers. If you have not, then please contact your child's teacher. It is essential that this is done quickly so that we can get this programme underway.

Our students are really looking forward to the upcoming school holidays and I'm sure they will have a great time. Enjoy the great weather and remember that school starts back on the 16th of October.

Ngā mihi nui
